Rubric for Assessment Team

Scoring of Standard Items

Key areas of each standard are to be scored normally by considering the approach taken by the university and the results achieved. Maximum score for each item is 5 and the minimum is 1. The visiting team is required to award the score by encircling one of the entries against each item. The total of the encircled values (TV) for each standard will be determined and normalized in percentages. Each standard has a weight allocated to it. Scores pertaining to a particular standard will be the product of TV and its weightage. Following are the guidelines to be used to awarding score to each key area.

Result	Score
Poor performance in most of the areas.	1
Fair performance in most of the areas.	2
Good performance for most areas. No poor performance in any areas.	3
Good to excellent performance in all areas.	4
Excellent performance in most of the areas.	5

Standard 1 – Program Mission, Objectives and Outcomes		**Weight=0.05**				
	Factors	**Score**				
		1	**2**	**3**	**4**	**5**
1	Does the Program have documented measurable Program Educational Objectives (PEOs) that support Department and University mission statements?					
2	Does the program have documented Program Learning Outcomes (PLOs) for graduating students?					
3	Do these PLOs align with the Program's Educational Objectives (PEOs)?					
4	Are the graduating students capable of performing these PLOs?					
5	Is there any strategic plan to achieve program's objectives?					
6	Does the department assess its overall performance periodically using quantifiable measures?					
7	Is the result of the program assessment documented?					

8	Does the department take deliberate steps to engage all students, individually and collectively, as partners in the assurance and enhancement of their educational experience?

Standard 2 – Curriculum Design and Organization		**Weight=0.20**				
	Factors	**Score**				
		1	**2**	**3**	**4**	**5**
1	To what extent do you agree that the curriculum is well-structured and consistently aligned with the documented objectives of the academic program?					
2	Does the curriculum support the program's documented educational objectives?					
3	Are theoretical background, problem analysis and solution design stressed within the program's core material?					
4	To what extent do you agree that the curriculum meets the core, major, and general education requirements as specified by HEC and the relevant accreditation body/council?					
5	To what extent do you agree that information technology concepts and tools are appropriately integrated across the curriculum?					
6	To what extent do you agree that the curriculum effectively fosters students' oral and written communication skills through various courses and assessments?					
7	To what extent do you agree that student and faculty feedback is regularly collected and used for improving course content and delivery?

Standard 3 – Subject Specific Facilities	**Weight=0.10**

	Factors	Score				
		1	2	3	4	5
1	Are laboratory manuals / documentation / instructions etc. for experiments available and readily accessible to faculty and students?					
2	Are there adequate number of support personnel for instruction and maintaining the laboratories?					
3	Are the university's infrastructure and facilities adequate to support the PEO?					
4	Are all subject specific facilities available?

Standard 4 – Student Advising and Counselling		**Weight=0.10**				
	Factors	**Score**				
		1	2	3	4	5
1	Are the courses being offered in sufficient frequency and number for the students to complete the program in a timely manner?					
2	Are the courses in the major area structured to optimize interaction between the students, faculty and teaching assistants?					
3	Does the university provide academic advising on how to complete the program, course decisions and career choices to all students?

	Score 4 (S4) = [TV/(No. of Questions *5)] *100 *Weight =					

Standard 5 – Teaching Faculty/Staff		**Weight=0.20**				
	Factors	**Score**				
1	Are there enough full-time faculty members to provide adequate coverage of the program areas / courses with continuity and stability?					
2	Are the qualifications and interests of faculty members sufficient to teach all courses, plan, modify and update courses and curricula?					

3	Do the faculty members possess a level of competence that would be obtained through graduate work in the discipline?					
4	Are feedback surveys conducted each semester from students for evaluation of teaching and assessment?					
5	Do the majority of faculty members hold a PhD degree in their discipline?					
6	Do faculty members dedicate sufficient time to research to remain current in their disciplines?					
7	Are there mechanisms in place for faculty development?					
8	Are faculty members motivated and satisfied so as to excel in their profession?

Standard 6 – Institutional Policies and Process Control		**Weight=0.15**				
	Factors	**Score**				
1	Is the process to enroll students in a program based on quantitative and qualitative criteria?					
2	Is the process above clearly documented and periodically evaluated to ensure that it is meeting its objectives?					
3	Is there any policy regarding program/credit transfer?					
4	Is the process to register students in the program and monitoring their progress documented?					
5	Is the process above periodically evaluated to ensure that it is meeting its objectives?					
6	Is the process to recruit and retain faculty in place and documented?					
7	Are the processes for faculty evaluation & promotion consistent with the University mission?					
8	Are the processes in 6 and 7 above periodically evaluated to ensure that they are meeting their objectives?					

9	Do the processes and procedures ensure that teaching and delivery of course material emphasize active learning and course learning outcomes are met?					
10	Is the process in 9 above periodically evaluated to ensure that it is meeting its objectives?					
11	Is the process to ensure that graduates have completed the requirements of the program base on standards and documented procedures?					
12	Is the process in 11 above periodically evaluated to ensure that it is meeting its objectives?					
13	Is the available information related to the learning opportunities is useful and accessible for the external audiences?					
14	Does the institute maintain high ethical standards in their interactions with faculty, staff, students and other stakeholders?

Standard 7 – Institutional Support and Facilities		**Weight=0.10**				
	Factors	**Score**				
1	To what extent do you agree that the institution provides sufficient financial and administrative support to attract, retain, and continuously develop high-quality teaching and research staff?					
2	To what extent do you agree that the availability of secretarial support, technical staff, and office equipment is adequate for smooth academic and administrative operations?					
3	To what extent do you agree that the number and quality of graduate students, research assistants, and PhD students are sufficient to support the program's teaching and research goals?					

4	To what extent do you agree that the library, laboratories, and computing facilities are well-resourced, up-to-date, and adequately maintained to support academic and research activities?					
5	To what extent do you agree that the institution has adequate infrastructure (such as LMS, internet access, digital tools) to support modern learning methods, including e-learning?					
6	To what extent do you agree that classrooms, faculty offices, and the library provide a conducive environment for teaching, learning, and academic support?
